Dear Mr. Kennedy;

Just a few lines to let you know what a fine public relations job for The Park School your athletic director, Herb Mols, is doing. During the recent visit to this area of The Russian National Basketball Team it was our bank's privilege to host a luncheon and sightseeing tour for the latter team. It was arranged through Herb Mols. Everything worked out perfectly. Our Mayor Dennis Zackery remarked to me what a competent and thoughtful person Herb Mols was. I thought that you might like to know what others think of Herb Mols and how he reflects credit on your fine school. I hope that you are well and enjoying good health. I also hope our paths may cross again in the near future.

With all good wishes, I am

Sincerely,
