Dear Herb,

My compliments are extended to you for the very fine and comprehensive report which you sent to members of the USOC Basketball Committee on the recent USOC basketball trials. It sounds like they went very well. I had hoped to get out for a day or two of the affair, but June has to have been the worse month of the year for me as far as being tied down with DeMolay commitments. For the first time in the history of DeMolay, we had our annual Supreme Council Session in June, instead of March or April, and I was tied up in Florida at the meeting from June 14-22 and have been burning the candle at both ends since then to catch up and take care of the work that such a meeting always creates. Take good care of our team in Munich and bring back the "gold".

Dear Herb:

Thanks once again for helping make the Williamsville North High School football banquet a success.

I want to tell you that many parents and boys stopped over to me after your talk and said how much they enjoyed it and were still interested in asking questions and discussing what happened to the U. S. Olympic basketball team. I appreciate very much your taking the time to come and talk with us and look forward to seeing you again.

Sincerely yours,

Gerald Hirschhaut /ww
